Date: _____
 Exhibitor Name _____ Company (if any) _____
 Address _____ City _____ State _____ Zip _____
 Home (____) _____ Work (____) _____ Email: _____
 Product _____

Dear Exhibitor, Please type a statement in the box below, about 75-100 words, describing what your invention is and what it does.

SAMPLE INVENTION STATEMENT:

Systronics, Inc. has developed a revolutionary recirculating shower system, the CLEANFLOW system which allows for comfortable, conventional showering in your recreational vehicle, boat, mountain cabin, and environments where water is in limited supply. The water is cleaned, polished, and reused employing Systronics' new organic absorption unit. The process removes well over 99% of cleaning compounds, body oils and dirt with only one pass through the system, allowing you to run the water as long as you like!

YOUR INVENTION STATEMENT HERE:

Please note that the Invention Connection® reserves all editorial rights and may insert your invention statements in part, in whole, or may rewrite them for use in press releases and media kits whenever possible, and for the classified ad listing.
